## Splendid Ore.

The finest lot of ore ever taken out in Pyramid was brought in from the Jones & Kinkead mine yesterday. There is no doubt but that this Co. have a mine, and we honestly believe it will greatly assist in making Reno a large town, and Joe Jones and Jim Kinkead the "bonanza kings" of Washoe County. They deserve it for the money they have expended and faith shown in the prosecution of the work.

## Mirth! Music!

The celebrated Adah Richmond burlesque and comedy company from the Olympic Theater, New York, will appear here two nights and give a Saturday matinee on the 15th and 16th, in the highly fantastical, musical extravaganza, in two acts, entitled "Kenilworth," and the most laughable and musical extravaganza of the age, entitled "Chow Chow."

DISASTER still follows the Richings-Bernard Opera Combination. The last heard of them they were at Cheyenne, whither they had arrived with their baggage in pawn to the railroad company for fares to the amount of \$600. Di Murka insisted on a pledge of thirty-five per cent. of the gross receipts before the curtain was rung up. They played there a week, and at the end were more hopelessly in debt than ever. At last accounts they had not succeeded in getting away, but their next objective point was Denver. The principal singers are not on speaking terms. Who wouldn't be an opera singer?

THE U. S. District Court on the 5th on motion of U. S. District Attorney Varian the cases against the following named persons, for violating the revenue laws, were dismissed: Gabriel & Cohn, Saulsberry, Leathers, Giondonia and McGuire, defendants paying costs.

## Reform! Reform!! Reform!!!

The above is something like the heading of the Grand Jury report issued by the *Evening Gazette* in an extra this morning.

Now sir, while I do not question the honesty of the intent of the Grand Jurors in making their report, nor that of the editor of the *Gazette* giving it such prominence before the public, I do feel that they have committed errors that are irreparable, and while I am not the defender of any officer in Washoe county who has committed any errors, I can but believe, notwithstanding the report, that they have been errors of the head and not of the heart. Let us take for examples one or two of our officers who have been most "deeply censured."

First, I ask, how can Mr. Norton be a defaulter when on the day the Grand Jury made their report there was no deficit in the amount of money on hand, and there never was a day nor hour that he could not respond to every call made on him for money, and when his bondsmen are entirely satisfied of his honesty and integrity, with one exception, and his place has been filled by another man equally responsible and his bond approved by the Commissioners? The money has been counted every three months by the Commissioners and would have been counted again on the first day of April, and there is no doubt but every cent that belonged there would have been found in the safe.

I will name one more and then I have done. T. K. Hymers, who is censured above the other Commissioners for his prodigal use of the people's money is, undoubtedly, justly, in some degree, censurable, for Tom has a kind heart and tries to alleviate suffering wherever he finds it. But let us look at one of his most atrocious crimes. He gives the Hicks family one hundred and twenty-seven dollars and fifty cents to buy tickets to Iowa, and paid for them out of the County Treasury. How very wrong! Let us look at the other side of the question. The Hicks family are six in number and they were all in the County Hospital and kept at an expense to the county of not less than one hundred dollars per month. The doctor in charge of the Hospital informed Mr. Hymers that they were likely to remain county charges for months, and perhaps years; and Tom took the responsibility to send them off, thereby saving to the county, up to the present time, not less than four or five hundred dollars. Taxpayers of Washoe county, did T. K. Hymers do so very wrong?

In conclusion I have but little doubt that errors have been committed, for God created man a little lower than the angels and they have been know to err, if we may believe Milton; but I do not believe the financial affairs of any county in the State are better and more economically conducted than those of Washoe county, nor do I believe that any county can claim more efficient, more honest and honorable officers than our own.

## OUR SCHOOL LANDS.

[Eike Independent.]

The surface of this State being largely made up of mountain and desert, it frequently occurs that the 16th and 36th sections of each township donated to the State by the general Government for school purposes, are comparatively valueless, owing to their location upon these barren tracts.

In 1873 our State Legislature, by joint resolution, asked Congress to repeal the act donating these sections and to grant in lieu thereof one million acres of the public lands to be selected as other grants have been by this State.

Our representative in Congress, Mr. Wren, has introduced a bill in the House, embodying the ideas embraced in the above resolution. The bill provides that the repeal of that section of the Enabling Act which donated the school sections, shall in no wise impair the titles to the lands of those sections already sold prior to the approval of the bill, and that a list showing the portions of sections 16 and 36 which have been sold by the State, shall within one year after the approval of the act be forwarded to the General Land Office for entry upon its records, after which, all of such sections not appearing upon the certified list, shall be subject to sale as are other portions of the public domain. The bill further provides that one million acres of public lands to be selected by the State in full satisfaction for the unsold portions of sections 16 and 36 unsold and relinquished, and that these new selections by the State may embrace lands containing deposits of salt, soda or borax, being accepted in the same manner as agricultural lands.

It is to be hoped this bill of Mr. Wren's will become a law. The custom has been that upon the admission of a State into the Union, the General Government has donated to such State the swamp and overflowed lands unoccupied, within her borders, but for reasons best known to themselves, Hons. Nye and Stewart, who at the time represented Nevada in the United States Senate, reported no lands of that character within the State, thus depriving the impecunious commonwealth of a source of revenue sorely needed, and to which it was fairly and justly entitled. In view of the injury done the State in that instance, and the further fact that our schools can realize no benefits from a great portion of these sections already granted for school purposes, the enactment of Mr. Wren's bill into a law would only be a partial compensation for the heavy loss in lands the State has already sustained.

The HOME AND HOME SHUTTLE Sewing  
Machines were awarded the highest prizes and  
diplomas at the Centennial, 1876, and are the  
Perfection of Mechanism. These unequalled  
machines use a straight needle, make the "Lock  
Stitch," have a self-adjusting tension, and are  
adapted to every variety of Sewing for Family  
wear, from the lightest muslins to the heaviest  
Cloths, and will also sew leather. They are  
especially adapted to the wants of  
**Tailors, Dressmakers, Seamstresses,**  
**Manufacturers of Clothing, Shirts,**  
**Skirts, Corsets, Ladies' Boots,**  
**Umbrellas, Etc., Etc., Etc.**  
**THE HALL TREADLE**  
Is the greatest improvement ever invented in  
connection with the sewing machine, and we  
being the sole agents for the Hall Treadle have  
conceded to apply it to every "Home" or "Home  
Shuttle" Sewing Machine sold hereafter on the  
Pacific Coast, without extra charge. (Take  
notice that every other Sewing Machine fitted up  
with the Hall Treadle costs \$12 extra.)  
The Home and Home Shuttle Sewing Machines  
with Hall Treadle attached, are the lightest run-  
ning, and superior to any machines, and for all  
practical working purposes,  
**Simplicity, Strength and B**  
They are unapproached by any other Machine  
yet invented.  
The Hall Treadle will be attached to  
any other machine if desired. Mr.  
Jaquish invites all to visit his place  
and see how it operates.
